Dear Nick,

This is to confirm we are delighted to be the webinar technology sponsor for the **Trading Symposium Fundraiser for Christchurch NZ and Japan.**

As such, we will provide complimentary access to one of our corporate marketing GoToWebinar accounts for access by your presenters.

Whilst Citrix Online GoToWebinar will manage the registration and attendee information before and during the webinar, I confirm that none of the contact information will be retained by us after the event, and this account will be closed.

Good luck with the Fundraiser

Sincerely,
